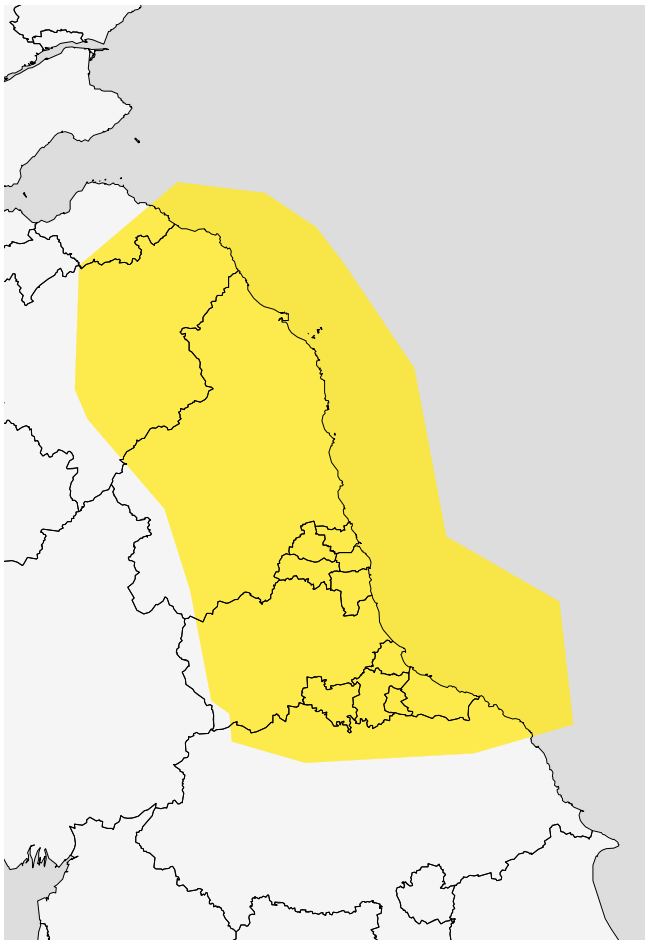
Yellow warning
Rain

Between
19:43 Thu 27 Aug 2020 and
10:00 Fri 28 Aug 2020



Rain likely to persist overnight into Friday likely bringing some disruption

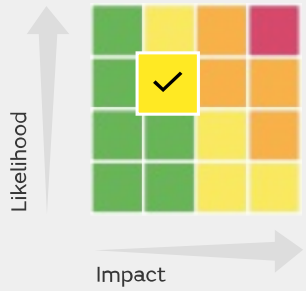
What to expect

- Flooding of a few homes and businesses is likely
- Spray and flooding on roads probably making journey times longer
- Bus and train services probably affected with journey times taking longer
- Some interruption to power supplies and other services possible

Further details

Rain is likely to persist across parts of southeast Scotland and Northeast England overnight into Friday with widely 10-20 mm likely and 30-50 mm possible in a few spots where heavy rainfall bands align along the flow. The majority of this expected to fall in the hours running up to midnight Thursday night.

The rain is then expected to push southwards from later in the night.



Medium likelihood of low impacts
